FOR IMMEDIATE RELEASE

PNG Air Suspends All Flights to Wewak Following Break and Enter at Boram Airport

Port Moresby, Papua New Guinea – March 01st, 2026

PNG Air wishes to advise the general public that all flights to and from **Wewak** have been cancelled until further notice following a serious break and enter incident at **Boram Airport – Wewak**.

The incident resulted in significant damage to terminal facilities, including the destruction of critical infrastructure and the loss of expensive computer equipment and essential office systems. As a consequence, safe and secure operational conditions cannot currently be guaranteed.

PNG Air deeply regrets the inconvenience this suspension will cause to passengers, business partners, and the broader community. However, the safety and security of our passengers, staff, and aircraft remain our highest priority.

Flight Schedule Adjustments

Effective immediately and until further notice:

- All flights scheduled to operate to **Wewak** are cancelled.
- Flights that normally overfly Wewak will now operate directly to Vanimo.
- Services previously operating **Port Moresby – Mount Hagen – Wewak** will now terminate at Mount Hagen.

Passengers holding bookings to or from Wewak are advised to contact PNG Air Sales Offices or their travel agents for rebooking or refund arrangements.

PNG Air is working closely with airport authorities and relevant stakeholders to assess the situation and determine when services can safely resume. We will continue to provide updates as more information becomes available.

We thank the travelling public for their understanding and patience during this time.
